bility in Report to Congress. The Commissioners yesterday submitted Congress a special report on the practicability of constructing a municipal refuse plant in the District, to start which the Commissioners asked an appropriation of \$30,000 in their estimates. The report was compiled by Irwin S. Osborn, of Columbus, Ohio, as provided for in an act passed at the last session of Congress.

Mr. Osborn states that it would re-

quire two years for the construction of the proposed plant, making it necessary that the first appropriation be made for 1917 in order to enable the plant to be in operation at the expiration of the pressure of the properties of the contracts on June 30, 1918.
